

WeakestStrategy::compute
Target

```
graph LR; A[WeakestStrategy::computeTarget] --> B[Critter::getStealPointsStrength]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is light gray with a black border and contains the text 'WeakestStrategy::compute' on the top line and 'Target' on the bottom line. The right box is white with a black border and contains the text 'Critter::getStealPointsStrength'. A dark blue arrow points from the right side of the left box to the left side of the right box.

Critter::getStealPointsStrength
