

rapidxml::memory_pool
::set_allocator

```
graph LR; A[rapidxml::memory_pool::set_allocator] --> B[rapidxml::memory_pool::align];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'rapidxml::memory_pool::set_allocator'. The right box is white and contains the text 'rapidxml::memory_pool::align'. A dark blue arrow points from the right side of the left box to the left side of the right box.
